

# IMPACT SAFETY GRILLE

## MANHOLE FALL PROTECTION

### INSTALLATION INSTRUCTIONS

- 1 Remove manhole lid
- 2 Remove loose rust and dirt
- 3 Measure clear opening of casting. Select correct size grille
- 4 Place grille into casting
- 5 Using 24mm spanner tighten nut to expand grille until tight and secure. Ensure load tabs are seated fully down onto casting (soft hammer may be required)
- 6 Attach 2.5mm anti-theft cable to preferred location  
ie: cast lid or concrete riser
- 7 Replace manhole lid

NOTE: Anti-theft cable is optional but recommended to deter theft and ensures grille is reinstalled before closing lid

***Install should take less than 5 minutes !!***
